

QUALITY POLICY

Rooney Group is one of the leading providers specialising in Civil Contracting and associated operations.

The company is focused towards meeting client requirements starting from the initial consultation through to the completion of the project to ensure they are satisfied.

Systems and processes are regularly reviewed and monitored to ensure they remain effective, relevant, correctly implemented and maintained in order to achieve the assurance of quality and of a high consistency in completed work.

The company's objectives are aimed towards ongoing improvements for strengthening competitive position and improving quality and service standards.

Rooney Group's quality management system is reviewed annually to reconfirm its ongoing suitability and compliance with AS/NZS ISO9001:2000 certification.
